Wisps of green light swim through purple skies in this stunning image of the aurora borealis.

Astrophotographer [John Chumack](http://www.galacticimages.com) took this image from a mountain location about 60 miles (96 kilometers) east of Fairbanks, Alaska, on March 19, 2015, while leading his annual aurora tour and workshop.

"The aurora can get so bright that it can cast shadows and changes the color of the snow," Chumack wrote in an [email](#) to Space.com. "Yes, mint green, red, or purple snow!"

[Auroras](#) are caused by charged particles from the sun (the solar wind) that [interact](#) with the Earth's atmosphere at altitudes above 50 miles (80 km). The particles are drawn to Earth's polar regions by the planet's magnetic field, resulting in aurora borealis, or northern lights, and its southern counterpart, the aurora australis, or southern lights.

Chumack used a 6 second exposure, @ ISO 3200, Canon 6D DSLR, 24 mm lens. The image also shows the [M45 Pleiades star cluster](#) and the planet Venus.

## SHIP'S CALENDAR

The overtime is over and I have been back on my regular schedule. This month will be another very busy month but that might mean not so much time to work on other items.

I started the month with a dinner in St Louis at Bandanas BBQ with some of our St Louis crowd. I have been trying to have CO meals on the St Louis end and we are having XO meals at the Columbia/ Fulton end.

During this month, "Deadpool" was the chapter winner. Our member went to see this movie 5 times. Not each group was the same but most saw it at least twice. This is the Avatar, The Guardians of the Galaxy, The Starship Troopers of this year. That surprise movie like, Stargate, that catches on like no one's business. What a bunch of fun!

We hosted 2 different Super Bowl parties. I do not believe there will be another one next year. With the Rams removal to L.A. your CO is no longer in the mood to host a function like this. I may swap my ticket money to the NHL and my watch function to the Stanley Cup Playoffs. I love sports first hand. Without the NFL in town, like the NBA, I will have little or no interest. I like going to the games. We do at least 5 Cardinal games a season to stay in contact and we do at least 3 Blues games a season as well. So far we have 2 Blues games in this year.

Your CO has begun the Dresdin Files book series. I will have to go back to rewatch the TV series when I have time. I am in a group book discussion on the series. We are doing one book at a time. The first book was covered in February. It was an

okay book and somewhat better than many of the books I am trying to get through.

Another CO meal, this time at Captain D's and we just caught up and visited prior to the wedding trip. I will write a separate report on the wedding and what happened there in March.

I would like to personally thank Rhonda for asking me to join her book reading club. Goodreads. I decided to download the app and do 37 books this year. I have no idea how many I read in a year. As of the beginning of the trip I have read 14. I guess I undershot by a few hunh? Rhonda is not so pleased with me on this subject!

Member Dave Kaplan and his wife. They found their way to Hawaii.

## Flight Log

Commander Rhonda Allen

201602.23 (23 Feb 2016)

Well, well, it is almost that time. Soon I will get to attend the wedding of the youngest child. I have been dreading this moment for a lot of years and yet it is also an exciting moment. Marriage means you belong first and foremost to your spouse. They are still my little darlings but their priority is not mom anymore. It is hearth and home with a spouse and little ones underfoot.

I can remember when I first met them. They were Eddie's days off every weekend. He went to St Louis and left me alone in Jefferson City. On their first visit to the capital we met and I realized his affection. I fell in love with them at first sight. It has been a sometimes rocky relationship at times but they have had mom's heart from the first day. And now they both belong to the world. I just hope they call me at least once a week so we can talk and keep up.

This wedding will require a trip to Las Vegas. It is a two for one experience. I get to visit my family there and I go to my son's wedding. A perfect trip. Eddie says there are several family and friend meals scheduled as well at the rehearsal dinner. We will have a lot of opportunities to gather and recharge as a family. Rumor has it that Jeff Sr. and Jeff Jr. will be there for all the occasions. The family breakfast and dinner should be a good one.

I have asked to have one of the dinners at my mom's house so that everyone can meet Great Grandma/ Grandma. We should have a great time. One of the meals will have to be at Hash House a Go Go. They have the most wonderful food. Are any other Horizon members going out for this trip or for the one next August for the convention? It will be a great time!

All my hours are full of work or trip preparations. I have the dress and shoes, actually 2 different sets. A woman can never go to a function like this unprepared. We are on the ground in Las Vegas as I finish this log entry.

Is Lent over yet? I need a steak. Next month I will write about the wedding and trip. Until then live long and... you know...

## TO SUMMIT OR NOT TO SUMMIT IN 2017

It has been proposed that I organize the Region 12 Summit for 2017. After discussion at the February meeting it seems like a plausible thing for the not only me but the USS Horizon to initiate and accomplish. The reception of the idea was warm and the membership was behind the idea.

Chis was very specific on only a few items for the Summit and otherwise has left it up to the organizer(s).

1. The organizer(s) will assume all costs associated with the Summit and Region 12's name will not appear anywhere on any contract made for the Summit.

2. If the Summit is held in or around Kansas City the name Region 12 Summit will not appear on any advertisement or publication regarding the gathering due to the agreement made with the hotel at the cancellation of the 2016 Summit.

Courtesy of Rick we have a Summit theme, Kingdom Summit, and a location, The Callaway Electric Cooperative building in Fulton.

Linda Sneed has agreed to do the decorations. She always does such a great job with them and with this theme I cannot wait to see what she comes up with.

Daneille will be doing the website and the logo design for the Summit. I have a resource for T-Shirt printing if we decide to do shirts.

David's new job may put a chink in the security for Summit but I am sure I can count on my other Marine friends to step up.

Eddie has agreed to be our tech guy, a job he does so well. It is shaping up nicely and I will be submitting the bid soon.

## Member News                      January 2016

February is starting off wonderfully. Daneille has been offered a new job with MOHELA the student loan repayment office. She will be working with the borrowers on repayment of the loans and begins her training on March 3. The better news is she will no longer be working for Century Link, which makes her very happy.

David has also been offered a new job. On March 3 he will begin working for the Callaway County Sheriff's Department in the County Jail as a Corrections Officer. This is his first step on the path to his dream job as a profiler.

February also saw the marriage of Edward Allen IV to his long time love Kate. The wedding was in Las Vegas and was a small family wedding. The pictures of the bride and groom were beautiful and little Wylie looked absolutely adorable for mom and dad's wedding. The wedding took place on February 29.
