# On The Horizon

June 2014

## Captain's Log

20145.26  
(26 May 2014)

The Horizon has finished another successful picnic! It was wonderful getting with all of you even if we did battle a little bit of chilly weather for some of us. The rain kind of made things difficult such as barbecuing in the rain. We got it all done in fine fashion. I want to thank everyone for their wonderful contributions to this annual endeavor. Now the questions are: Do we continue forward in May or June? AND: Do we use the Harris Shelter at Cosmo next year or do we move back to C.K. Odor Shelter at Kiwanis Park? We should rent next year's shelter soon if we wish to get it in May on the holiday weekend. Please let your CO or XO know your opinion soon as we must make a decision.

I really enjoyed the X Men: Days of Future Past movie. I rate it a full 5 stars although those who do such things only gave it 4.5 out of 5 stars. My next movie is to go backwards and see Godzilla. We also want to see Belle, which looks to be a great drama. Our next Horizon movie day is the movie is: Edge of Tomorrow on June 7<sup>th</sup>. That will get moved to a later time in our calendar due to the Belmont Stakes at about 1715. I will move things back a little, so check the calendar.

# Flight Control Log

May 2014

I finally got to go to the BBQ. How great is that! I had a good time catching up with everyone. Before I forget I want to say, "Way to go" to Cindy Foley. That change in your life took lots of guts. I've been at my new job over a month and I love it. Please stop by and make lots of purchase. We have really good prices.

Commander  
Rhonda M Allen

## HORIZON BBQ 2014

It was handy to get there a little early and get the BBQ'ing done before the games began.

## EMAIL PROBLEMS

There were major email problems afoot this past month. I lost all email opportunities for about 3 weeks while I located the problem and made repairs. It appears that Charter changed their protocols to IMAP from the POP 3 they previously used. All of my email was bouncing out of "Live Mail" and the Server email for the Horizon account would not forward either. Once the problem was ID'd I was able to reformat all email properly. At the same time I pulled the Horizon server mail directly into "Live Mail" but uncovered another problem. The account downloaded (thus locking up my computer) all email loaded at the server for each account back to the beginning. It took over a week. I now have all of this email and need to delete it in manageable batches. Weeks of additional work. Oh well, it's not like I had anything better to do...

## KLINGON APPS

### uTalk Klingon

For \$10 you can learn to speak Klingon with conversations, record yourself, and all with the help of the persons that created the Klingon language.

### Teach Me Klingon

At \$2 this is a cheaper way to get exposure to the language but it is not as complete as the uTalk app.

### Chess Galaxy

This is a free 3D chess game app. Play the computer, yourself, others or online.
